

Report from European Cup 2004/05 qualification round

1. General Remarks

The qualification round was played in Prague 2004-08-05 to 2004-08-08. Six teams participated in each the men's and the women's tournament (Pomor, Russia, did not come) and the following teams qualified to European Cup Final round in Zurich :

Women – Jaegerpris (DK) and Aligator UKS Chwarzno Gdynia (PL)

Men – FC Outlaws (DK) and Rubene (LV)

2. Qualification EC in Prague - organiser

The qualification was held without problems regarding organiser and their work. Hall manager Jan Bezuch and his crew responded fast of any of my wishes and tried to do the tournament as good as you can expect. Personally I had a lot of backup from Filip Suman in every aspect (jury work, transportation, invitation to several events, city tour etc.).

3. Qualification EC in Prague – teams

The qualification was held with some problems regarding;

- team did not participate (Pomor, RU)
- teams not attending at Technical meeting
- players were given red cards (2 M3 and 1 M2)
- team lists which not where correct.

Some teams also attended the Czech open tournament

Pomor (RU)

The Russian team Pomor did not show up to there first match and the jury decided that the team was excluded from the tournament. Some changes were also made in the qualification schedule.

Technical meetings

During the qualification we had two technical meetings for men and women. The first meeting, which was divided in two meetings (men 20.00 4/8 and women 12.00 5/8), the following teams did not attend:

Jögeva SK Tähe (EE) participated only to the women's meeting (some misunderstanding due to that both teams started playing after the meeting 9/4).

Lauku Avize (LV) did not participate (the reason was that they had been to so many technical meetings and that they already know everything - I explained the importance of the meeting and that they had to come to the second one if they qualified to the final).

The second meeting was held the 15.30 7/8 for both men and women and the following teams did not attend:

Lauku Avize (LV) did not participate (the reason was that quote "we are bad boys" – I explained, for them, that there behaviour force me to report them).

Aligator UKS Chwarzno Gdynia did not participate (the reason was that both team officials were at the hospital due to illness for team manager Louis-Heinz Liesch)

Players were given red cards

During the tournament three red cards was given:

M2 – player from club SSV Diamante Bolzano was given M2 because he throw his stick like a spear 10 meters after that CUF Leganes made 6-4 with 10 seconds left of the game.

Two M3 – see enclosure 1 and 2.

Team list which not where correct

Before the teams first match their passports was compared with the team list. No player was denied to play.

Only 3 women's and 2 men's teams had no adjustments in their list (Jögeva Spordiklubi Tähe men and women, Szolnok Cannibals Floorball Klub, Jaegerpris Underducks FC and Rubene).

Lauku Avize (LV) did not fill in any passport numbers at all.

4. Qualification EC in Prague – referees

The tournament was refereed by three Czech pairs:

Cerny and Janousek

Bartosek and Bartosek

Sykora and Sykora

All three pairs made a good job. Unfortunately there were no referee observers during the qualification.

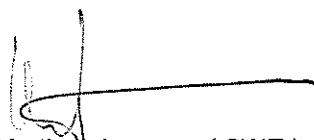

5. Other remarks / proposals

I think the tournament was handled in a good way but in the future I would like to propose some minor changes:

The IFF should send minimum two persons to the qualification (I attended 14 of 18 matches and had to handle 2 M3 – this time the problem was solved by using RACC member Filip Suman as help, but normaly you can't use someone from the organising country).

The teams must have team officials who is not playing (Jögeva SK Tähe participated with two teams and had only one team official who was playing)

The teams should not be allowed to participate in a tournament at the same time and place as the qualification (Team Rubene was playing nine matches in Czech Open and when the matches collided they played with the best players until they were in a big lead. Then the first and second line left the arena to go and play in Czech Open leaving 7-8 players to finish the game). I don't think this is good for floorball.

Report

Rein Kivi
Nr. 19 Jõgeva Tähe
Estonia

On the 6th of August 2004, me Rein Kivi, born 29.09.81 took part in a floorball match between Jõgeva Tähe and the Outlaws (Denmark).

An unfortunate incident happened at the fifteenth minute of the second period. I was brutally pushed over the ring by a Danish player close to the Outlaws change area. I fell over the ring and thereby my teammate nr. 32 Raul Kivi born 13.02.83 pushed the player of the Outlaws who committed the foul against me. The next moment, me lying on the floor, the Danish players started punching and hitting me with their legs and ~~hitting~~ my teammate Raul Kivi nr. 32 fought back defending me. I left the situation with a bloody lip and chin. Due to the fact that a lot of players were ~~also~~ involved, the referees did not have the best view over the situation and gave me a red card that I did not deserve. I did not act violently nor did any harm to any of the Danish players. I was the victim in this unfortunate incident.

So therefore I feel that even the one game suspension is a punishment too harsh for me.

Yours sincerely,
Rein Kivi
