## APPLICATION FORM FOR IWGA MEMBERSHIP

### Questionnaire for International Federations applying for IWGA Membership

#### UNDERTAKING

As a Member of the IWGA, we hereby agree to abide by the IWGA Constitution and By-laws and the Rules of *The World Games*, and we further agree to abide by all decisions of the IWGA General Meeting and Executive Committee that are in compliance with these rules.

We commit to prompt settlement of all financial obligations towards IWGA, and to informing IWGA promptly of any changes of our Federation's main office-holders.

We agree to inform IWGA if our Federation ceases to be the most representative international body for our sport(s), or if another body is challenging our position.

We confirm that, as a Member of the IWGA, we agree that any dispute that cannot be resolved using the normal IWGA procedures for conflict resolution shall be submitted to the exclusive jurisdiction of the CAS, as provided for by the IWGA Constitution.

**We understand and accept that membership of the IWGA does not automatically guarantee participation in *The World Games* program.**

We accept that if our sport is included on the program of The World Games, IWGA rules supersede and take precedence at these Games over the rules of our International Sports Federation, where these are at variance, but only on non-technical matters that are not specific to our sport such as Numbers of Athletes / Teams, Qualification System to guarantee Top Athletes / Teams, Procedure for standardized Medal Ceremonies etc.

To the general assembly of

International Floorball Federation

Stockholm 31 august 2012-08-30

## **Report of the statutory auditor on the financial statements**

As statutory auditor, I have audited the accompanying financial statements of International Floorball Federation (IFF) which comprise the balance sheet, income statement and notes for the year ended 31 December 2011.

### ***Executive board responsibility***

The Executive board is responsible for the preparation of the financial statements in accordance with the requirements of generally accepted accounting standards and the consolidation and valuation principles as set out in the notes. This responsibility includes designing, implementing and maintaining an internal control system relevant to the preparation of the financial statements that are free from material misstatements, whether due to fraud or error. The Executive board is further responsible for selecting and applying appropriate accounting policies and making accounting estimates that are reasonable in the circumstance.

### ***Auditor's responsibility***

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with International standards of auditing (ISA). Those standards require that I plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers the internal control system relevant to the entity's preparation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control system. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made, as well as evaluating the overall presentation of the financial statements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

### ***Opinion***

In my opinion, the financial statements for the year ended 31 December 2011 comply with generally accepted accounting standards and the consolidation and valuation principles as set out in the notes.

I recommend that the financial statements submitted to you be approved.
