Letter of application

Application for a use of foot pass rule in finnish top series

Finnish Floorball Fededation applys a permission to use foot pass rule from IFF rules 2014 to be used in finnish mens and womens leagues (Salibandyliiga, naisten Salibandyliiga) and mens 1. division (Divari) already on season 2013-14.

Finland tested foot pass rule on season 2012-13 in womens league and mens 1. division. Now when IFF brings this rule to official rulebook, it would be only confusing to switch the usage of it every second season after a successful test season.

Feedback that Finnish Floorball Fededation collected from teams during test season was almost 100% positive.
