## OLYMPIC AGENDA 2020 – IOC 20+20 RECOMMENDATIONS

Based on the document “Olympic Agenda 2020 / 20+20 Recommendations” proposed by the IOC President Mr. Thomas Bach and the IOC EB, the following recommendations can, if approved by the IOC Extra Ordinary Session in Monaco 8<sup>th</sup> – 9<sup>th</sup> of December, be considered important for our future activities

Here are the key recommendations for the IFF/Floorball

### Recommendation 6 - Cooperate closely with other Sport organisations

- 1) The IOC to consider including a “sports lab” or sports initiation programmes as a part of the Olympic Games or Youth Olympic Games to trigger youth involvement and benefit the host community
  - For Floorball this is ideal as we already in a number of countries have different versions of Floorball that could easily be easily built around a 3 vs.3 Street Floorball concept.
  - This is our true first chance to gain access to the Olympic Games and or the Youth Olympic Games.
- 3) The IOC and the International World Games Association (IWGA) to closely cooperate regarding the sports programme composition and their respective evaluations.
  - a. For IFF to secure an excellent event in Wroclaw (spectators, best available teams , world class organization, good media coverage and interest from the whole Floorball community) to ensure future participation on the official programme
  - b. For Wroclaw we need secure the best possible venue for the tournament, as the proposed one might be a little too small for the finals (approx. 1.200 spectators)

### Recommendation 10 - Move from a Sport-based to an Event-based programme

- 2) To maintain the total number of athletes as 10.500 for the Games
  - For IFF this is not good as the number of Sports on the program to stay the same.
  - We need to consider the possibility to look over our total delegation size!
- 3) The IOC Session to decide on the inclusion of any sport (IF) in the programme
  - IFF need activate the Lobby work towards all the IOC members. First action to send out the IFF Lobby Folder to the IOC members in February, as discussed
  - IFF to continue the preparation of the “IOC Short List” based on the present requirements, as the changes in the system are not known yet.
- 4) The IOC to allow the OCOG’s to make a proposal for the inclusion of one or more additional events on the Olympic programme for that edition of the Olympic Games
  - This is not that good for us, as we are not that know and don’t have enough muscles to lobby our sport to the Cities, but if the right countries apply we have a chance.

#### Recommendation 11 – Foster Gender equality

1. The IOC to work with IF's to achieve 50 per cent female participation in the Olympic Games and to stimulate women's participation and involvement in sport by creating more participation opportunities at the Olympic Games
  - Here IFF is strong as we have always had the same quotas, visibility and investment for Women in all our competitions. We need to work on the clear communication about this
  - We need to clarify that it was not our choice to have only Men in the Wroclaw World Games, but that we were only provided male participation
2. The IOC to encourage the inclusion of mixed-gender team events
  - IFF to start considering the possibility to play a mixed game 5 vs. 5

#### Recommendation 27 – Comply with basic principles of good governance

1. All organisations belonging to the Olympic Movement to accept and comply with the Basic Universal Principles of Good Governance of the Olympic and Sports Movement ("PGG")
  - IFF has followed these fields quite well and we will score good points here.
  - We need to continue the process to develop our policy of transparency
