

## *JAPAN FLOORBALL FEDERATION*

*Appendix 15a*

August 15,2015

Mr. Stephen King  
President  
Asia Oceania Floorball Confederation

Dear Mr. King,

I am pleased to report to you recent topics on the activity of Japan floorball Federation.

### Re: Recent activity and plans of Japan floorball Federation

#### 1. Application for the additional game for 2020 Tokyo Olympic

As you well aware, our application for additional game for the 2020 Tokyo Olympic was regrettably not successful.

During application process, under guidance of IFF, we sent our report regarding present situation of Floorball in Japan and possible influence in case floorball be admitted as the official game of the Olympic.

Selection process of the additional games for the 2020 Olympic was widely reported by the major mass media and 26 sports applied for the additional games attracted massive attention of the public.

We received many inquiries and got interviewed by TV including taking video of actual floorball practice.

Asahi Newspaper, No1 newspaper in Japan with 8mil subscriber, carried an interview with our President Mr.T.Watanabe, which helped a lot for recognition and popularization of floorball in our country.

We appreciate very much the support from IFF during those processes and believe it was a big step for the future.

We, JFF, with collaboration with member countries of IFF and AOFC, will do our very best effort for development of Floorball.

2. Enrollment of Floorball in the 2020 Olympic Demonstration Sports

JFF is seeking possibilities for the enrollment of Floorball in Demonstration Sports at the 2020 Olympic Games. We appreciate it very much if IFF could help us by working on JOC in this matter or give us whatever advice.

3. Incorporation of Japan Floorball Federation.

We started the study for incorporation of JFF to be finished by April 2016. This is our priority work for strengthening our organizational infrastructure for further development of Floorball in Japan. Revision of the JFF's Article of Association might be necessary for matching to the present legal standard.

We thank for your patronage and wish the next IFF CB meeting will be fruitful and successful.

Yours Sincerely,

Tsutomu Watanabe

President

JAPAN FLOORBALL FEDERATION
