

## Report from RACC-organisation (CB-meeting in Tampere 2015-11-10)

### 1. Rule Group

There have been some questions during the start of the season due to interpretations in different countries.

New rules 2014 has worked well but there is from time to time wishes for detailed rule book that covers every situation possible. Something that we don't want to have.

Plan for new rule book is followed and countries/IFF bodies that want to propose new rules/interpretations has until the end of February to do this.

### 2. RACC-organisation

Education of new Jury has worked well and the tournaments as such is handled under other topics
