Anti-Doping Education & Say NO! to Doping Plan 2016 & 2017

Say NO! to Doping campaign

In order to generate more awareness, the campaign will be run only during one day when there are spectators.

Current Say NO! to Doping Materials: wrist bands for referees, captain bands for players, balls for the opening line-ups, promo clip for jumbo, speaker announcement.

- WFC 2016 Plan
 - Say NO! to Doping Day on Friday the 9th of December 2016
 - Six matches on the Say NO! to Doping Day, 12 teams
 - SNTD materials needed: minimum 72 balls, minimum 14 referee wrist bands, minimum 16 captain bands, jumbo clip & announcement (by LOC in cooperation with IFF)

Athlete Anti-Doping Education – Outreach

Mandatory Anti-Doping Outreach sessions have been organised for all teams at the Men's WFC 2014 and the Women's WFC 2015. The feedback has been mainly positive and there is a need to have all teams participating at the events educated. The challenges are the lack of time during events and the language issues. Also the lack of available multi-lingual materials is a challenge and other available resources. At the moment, the WADA Quiz remains the only tool that includes almost all the IFF Member Associations' languages.

Based on the feedback from the Anti-Doping survey and the IFF Athletes' Commission as well as WADA, the IFF should focus more on young players. U19 WFC is currently the only event where the IFF meets U19 players face to face. The IFF Athletes' Commission members have also expressed that they might be used for these education sessions if they are present at the event.

With more E-learning programmes being developed and translated by WADA and other organisations, these could also be utilised more in the future. In addition more focus needs to be put into getting Member Associations to be in close contact with the National Anti-Doping Organisations, who have the needed resources and can provide the needed education and guidance.

- Future Anti-Doping Outreach at WFCs will concentrate more on new teams, who have not been educated during the previous major IFF events.
- The IFF is to facilitate the cooperation between its Member Associations and the National Anti-Doping Organisations.
- Anti-Doping Outreach materials needed: laptops/iPads, Outreach space to conduct the education, good Internet connection, for example beamer/screen to present material, education & information material/flyers etc.

Appendix 29

- WFC 2016 plan:
 - In WFC 2016, mandatory Outreach sessions for POL, SIN, THA (not in WFC 2014)
 - Outreach sessions for other teams organised by IFF upon request (deadline to request)
 - When there is a NADO information & education booth available the teams are also encouraged to utilise this
 - If captains' meetings are organised at the WFC 2016, there will be anti-doping content for players.
- U19 WFC 2017 plan:
 - The U19 teams can choose from different alternatives:
 - a) Taking part in Anti-Doping Education session organised by the National Anti-Doping Organisation/IFF Member Association before the U19 WFC 2017 (confirmation to be sent to IFF) and/or
 - b) Taking part in an Outreach sessions organised by the IFF during the event upon request (deadline to request)
 - When there is a NADO information & education booth available the teams are also encouraged to utilise this
 - If captains' meeting is organised at the U19 WFC 2017, there will be anti-doping content for players.
