

Suggestion for reducing of IFF claims

The suggestion is based on reducing the IFF claims on non-active members.

Basically the reduction is reducing the annual fees from 1500 to 500 CHF and the outcome per year would then be:

2010: 5000 CHF
 2011: 5000 CHF
 2012: 11236:03 CHF*
 2013: 10000 CHF
 2014: 9000 CHF
 2015: 5000 CHF

*Iran has a debt from the WFCQ 2012 (2836:03 CHF) in Japan that would be reduced if and when a development seminar would be held in Iran and they would take some costs normally paid by IFF. India has a remaining 1400 CHF from the earlier Association.

Per Association the reduction would be like this:

Argentina	3000
Armenia	5000
Brazil	5000
Georgia	6000
India	1400
Iran	2836:03
Ireland	1000
Moldova	3000
Mongolia	5000
Pakistan	6000
Philippines	1000
Portugal	3000
Thailand	1000*
Turkey	2000
Total	45236:03 CHF

*From the earlier Association
