

## Request for the exceptions from Rules of the game – edition 2018

Czech Floorball kindly requests IFF Rules and Competition committee for the **exceptions from particular rules of the game – edition 2018 – specifically chapter 2 – GAME TIME**, points 203 – Extra time and 204 - Penalty shots after extra time, in the following matters (if matches are played as decisive):

- in basic groups there is five (5) minutes extra time
- extra time in basic groups is played three against three (3 vs. 3) players and if one of the teams has one or more penalties, game will be played four or five against three (4 or 5 vs. 3) players, so no less than three players participated on the field
- in basic groups if the game is still equal even after the extra time, penalty shootout is taken only with three different players, if the game is still equal after these three shooters, these three shooters only OR any another field player from the team can perform next shot or shots (no limits even for one player) – depends on level of the competition
- in basic groups winner after regular time will receive three (3) points, winner after extra time or penalty shots two (2) points, loser after extra time or penalty shots one (1) point and loser after regular time zero (0) points

In play-off and relegation matches all competition's settings fully follows Rules of the game – edition 2018 (extra time 10 minutes played five against five (5 vs. 5), 5 penalty shots after extra time) so no exception is needed.

This request covers all the differences in the settings of the competitions managed by the Czech floorball. We are asking for these exceptions valid from the following competition season 2018/2019.

## International Floorball Federation

### Request for exceptions from game rules

Latvian Floorball Union is kindly requesting exceptions from game rules points 203 - Extra time for all adult leagues (men/women highest, men/women 1st league, men 2nd league) in season 2018/2019 ground series to following:

- game time 3 x 20min.

- If the game result is tie after tree periods, there will be 5 minutes overtime which is played 4 against 4. If there is penalty for one team, the game is played 4 against 3. If one of the teams has 2 or more simultaneous penalties, game will be played 5 against 3, so no less than 3 players are on the field. After penalties game resumes to 4 against 4 after next break.

In play-off and relegation matches all competition's settings fully follows Rules of the game (extra time 10 minutes played five against five (5 against 5)).
