

## **Report RACC 10.06.2019**

### **1) RACC**

#### **a. Meeting will be 21-22.09.2019 (probably Prague)**

Meeting will be held 21-22 of September (late than normal due to office schedule in combination with vacations)

Main topics will be about the different parts in Future Of Floorball, overview of how to handle qualifications to WFC in connection to Euro Floorball Championships, IFF test tournaments, National federation tests and topic from last CB-meeting regarding uneven results in some WFC qualification matches involving the top 4 ranked teams.

### **2) Future of floorball**

#### **a. Tests**

There have come some proposals of tests that we so far have granted due to that they follow the given guidelines.

#### **b. IFF Tests**

As we discussed in Malaga in the last meeting I think we should continue with the plan of do testing for:

2019/2020 for following IFF tournaments: RACC proposes EFCh

2020/2021 for following possible IFF tournaments: EFC, WFCQ and Student Championship and that we use the basic rules (see page 2). RACC will discuss and come back with a proposal to the CB/ExCo in the end of September.

### **3) Other**

#### **a. U19 in Canada**

First, it was good to see a new country winning the championship 😊

Tournament had a lot of new challenges then we ever had before – reports on this will be in other parts of the meeting

## APPLICATION FOR TESTING FUTURE ELEMENTS

Below you will find the numbers stated in the Rules of the Game regarding number of players, officials, game time etc., what was used in The World Games 2017 and what IFF will test.

In the last column you shall fill in what you want to test (which can differ from the rules, what was used in TWG and what IFF will test).

If you want to test any other element than number of players, officials and game time you should in addition to this form add a separate description on how you plan to perform the test.

Your application for testing shall be sent in **latest 15.05.2019** to [competition@floorball.org](mailto:competition@floorball.org)
