

Report RACC 10.03.2019

1) Regulations

a. Friendly International Regulations

Handled in other topics during the meeting

2) Future of floorball

a. Workshop

Ideas will be made during the work shop how to get a good number of test tournaments/leagues

b. Effect on rules

Rule group will analyse what effect 17+5, 3x15 could be on the game rules.

3) Other

a. Preparations to handle external commercial leagues outside floorball family

Due to the possible situation in Sweden we need to analyse what regulations and other parts of the organization that could be affected – for example:

- Players
 - Playing in league that doesn't belong in the official floorball family at the same time as they are a part of national team in other country.
- Referees (needs to be analysed by RC)
 - Refereeing in league that doesn't belong in the official floorball family at the same time as they are IFF referees
