Alakiventie 2,

Dear Mr. Liljelund, dear IFF,

We would like to inform you that due to difficult sport political situation in the Czech Republic we would need few more weeks to find out whether we are in a position to get a support from the czech government (ministry of education) to organize World floorball championship 2016.

That is why we need to wait until we can confirm we are to fulfill all necessary requirements and finalize the bid for hosting WFC2016 accordingly.

Thank you for your understanding.

With kind regards

Tomas Frank
Secretary General
Czech Floorball Union
