IFF system on changing the Rules of the Game

1. The normal process for changing the rules of the games

The new rulebook should be changed in a 4 years rotation. The following milestones have to be set within this period:

January 2012

Request shall be sent to all member Associations and all persons in the IFF bodies urging them to send in proposals, with a priority list.

2. The handling of important exceptions

The IFF shall always have the possibility to make necessary changes of interpretations. Proposals will come from RACC

The IFF should be the only official organisation who decides about the Rules and Interpretations of the Game. This will prevent the consistency and continuity in the World of Floorball.

The IFF RACC must have the competencies and acting as an international information centre for Rules and Interpretations.

Testing new rules is possible if RACC gives an Association or an organizer of a tournament the permission.

There can be exceptions from the rules in certain Associations concerning Game time, except from in the first divisions.
