

PROPOSALS CONCERNING FRIENDLY INTERNATIONALS REGULATIONS

The RACC proposes the following to solve the tasks given by CB concerning a summer testing period for players in Club teams and the freeing of players for the national teams.

Club Teams

The RACC proposes to the CB that the summer testing period shall be handled in § 3.2 of the Friendly International Matches regulations which then would be changed as follows (new text in Italics):

3.2 Only players being licensed for a club taking part in an international club match or tournament shall be eligible to play for the club concerned.

A Club may grant their players exemption from this regulation for participation with another Club in a specified friendly international tournament being played between the first of June and the last of August, provided that the tournament allows such participation and that the player is not under suspension. Such an exemption shall be informed to the national Association of the Club giving the exemption and to the organizer of the tournaments 21 days in advance of the tournament.

The RACC further proposes that a form for the Clubs to use when informing shall be prepared for downloading from the IFF web site.
