

Appendix 22

24th April 2009

Mr John Liljelund
IFF

RE: AOFC WFC Qualification Tournament 2010

The AOFC CB is pleased to provide the following recommendation to the IFF CB for their decision.

- The AOFC CB hereby recommends to the IFF that the APAC 2010 Tournament be held as the WFC 2010 qualifier for Men's WFC 2010 qualification for the AOFC region
- The AOFC CB hereby recommends to the IFF that APAC 2010 be held in Singapore in February 2010 on the Internationals weekend.

We would ask for the IFF to allow the AOFC to submit a formal request to change the date of APAC 2010 to April 2010 for the following reasons

- In Singapore in February the weather conditions are quite extreme and make the conditions under which the tournament is held quite difficult with the amount of humidity and rain
- The venue proposed by Singapore to hold APAC in February has no air-conditioning.
- The venue that Singapore can hold APAC in April is the same venue as the Women's WFC and has air conditioning
- The AOFC believes that holding the tournament in April will not impact the preparation by AOFC countries for WFC

Attached is the initial bid to host APAC 2010 by Singapore. As you are aware this was done on a limited timeframe and additional details will be provided should IFF approve the recommendation.

Please contact the undersigned if you have any queries or require additional information.

Best regards

Stephen King
