Dear Mr. Secretary General John Liljelund, dear members of the Executive Board,

Floorball Germany officially applies for the organization of the Men's under 19 World Championships in the year 2011 in Germany. As you know, we applied for this event in the year 2013, but due to the problems of the current candidate for the organization of the under 19 WC Norway, we think, we are ready to be a good substitute. We discussed this matter intensively in the Executive Board of Floorball Germany, we first had some financial concerns, but finally we solved some problems and now focus more on the challenge and the chance to foster and further promote floorball in our country.

We would be honored, if the IFF Executive Board would support this application.

Yours sincerely
Floorball Germany

Prof. Dr. Oliver Stoll
President
