Application

Women's World Floorball Championship 2015

Dear Mr. Liljelund,

Floorball Deutschland would like to apply as a host country for the Women's WFC 2015. The Central Board have decided this yesterday at a meeting. We intend to continue the positive development and to face new challenges.

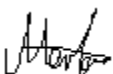

After the implementation of the U19 WFC this year the candidature for the men's qualification in 2012, this is the next important step for our association.

If Germany should be allowed to host the WFC we would select a major German city as the venue.

We would therefore be very pleased to be allowed to host the Women's World Floorball Championship in 2015.

Floorball Germany is ready for this!

Kind regards

Philipp Mertens
Secretary Floorball Deutschland
