## Request for exceptions from Rules of the Game

Danish Floorball Federation requests for exceptions from game rules 201, 203 and 204. Request covers only matches played in the best League for men in the preliminary round season 2017-2018.

If a game after three periods is tie, overtime (sudden victory) will be played:

- Four against four (4 vs. 4) up to five minutes. If one of the teams has two or more simultaneous penalties, game will be played five against three (5 vs. 3), so no less than three players are on the field. After penalties game resumes 4 vs. 4 after next break.
- If no goals in overtime there will be a penalty shootout with three different players from each team. If shootout is still tie, any field player from each team can perform next shot or shots until the match finds a winner.
- In playoffs and relegation games referred to General provisions Rules of the Game.

With best regards

**Steffen Aagaard Fabricius**
