One of the vibrant sporting disciplines in Sierra Leone, Floorball has recently got the nod from the parent federation, IFF after recognizing them as one of their partners. In a special letter sent to the Sierra Leone

Floorball Association dated December, 12 2008 the Secretary General of the International Floorball Federation (IFF) Association John Liljelund stated that the former has been approved as a provisional member of the world

body at a meeting held in Helsinki, Finland.

The letter further expressed the possibility of the Sierra Leone Floorball Association participation in future international competitions and the determination to cooperate with them all the time.

Secretary General John congratulated the local association and urged the officials to provide a lineup of future activities as they will always be in place to assist. He also expressed the hope that the relation between the two organizations would go a long way to strengthen the Floorball family.
