## Application for observer status

Dear Mr. Froehlich,

The International Floorball Federation (IFF) wants to show our commitment to sports and our willingness to take part in all fields and share our mutual responsibility. Therefore the IFF has applied to GAISF to become an ordinary member, well aware that such an application will not be treated until 2004.

We have also informed WADA that we fully agree upon and has now accepted the World Anti-Doping Code, which was mutually discussed at the last anti-doping conference in Copenhagen.

The Central Board of IFF aims to apply for membership of the IWGA.

We are aware that an application can't be treated and decided upon until the IFF has gained ordinary membership of GAISF.

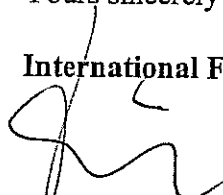

To be able to learn for upcoming World Games, where we hope to be a participant, we humbly ask the IWGA for observer status at the upcoming World Games in Duisburg in Germany July 2005.

By the end of March 2003 the IFF consists of 31 member Associations with 3.900 clubs and 208.000 registered players.

Looking forward to hear from you, we remain

Yours sincerely

**International Floorball Federation**
